Sub: Authorization to process my official documents

Respected Sir/ Madam,

I, the undersigned, need some of my important official documents to be processed which are present on file in your office. Since I am not in a position to come to your office due to my health problems and collect the same in person, I hereby authorize my brother Mrs John Parker to apply for and get the required documents duly processed. I have no objection for Mrs John Parker signing the documents on my behalf in my absence. Together with Mrs John Parker is my Identification Card attesting this authorization.

Thank you very much for your kind cooperation.

Sincerely yours,
