Ajay Kumar

United University, Sector-2

Mumbai

Dear Sir/Ma'am,

I am currently pursuing MS in Computer Science Engineering from PQ University. I am interested in applying for PhD program at United University after graduating from my current university. I plan to do research in Computer Science Engineering or Software Engineering. I believe that it will play a vital role in my career which I dream of that is becoming a university professor. I have submitted my application and I hope I will get to participate in further selection process. In future I am willing to contribute my research to this field. I have learnt about various softwares in my MS program and I am passionate about researching more about the related subjects. I have attached my extra curricular activities certificates with the letter . If any other information is required please contact me on 9083xxxxxx. Thank you for considering my application.

Sincerely,

James Dolke
